Regarding
: Job application for the position of the creative team

Yth. Zharif Dary Kurahman

I was the undersigned, Ivan Septian, intended to apply for a job as Creative team. With an educational background S1 computer science education from Indonesian University of Education, as well as experience and skills in the creative field, I am sure it can make a positive contribution to the company.

Over the past two years, I have been actively working as a photographer and loose videographer. I have experience in the fields of portrait, street, and landscape photography, as well as manufacturing Video content for social media, documentary, short movie, and animation. Besides that, I am Mastering various editing software such as Adobe Photoshop, Lightroom, Premiere Pro, Illustrator, and Capcut.

Some of the projects that I have handled include:

- Making visual content for product promotion.
- Documentation of company and public events.

Video of social media content with significant engagement results.

I have the ability to work in teams or independently, as well as capable adapt quickly to the needs of the client and the target set. I am also fluent communicate in Indonesian and English, which will help in collaboration cross team. I hereby attach a CV and portfolio link, as a material consideration.

I hope to be given the opportunity to discuss further about how I can contribute.

Thus I made this application letter in truth. For attention and opportunity given, I thank you.

My hormast,
Ivan Septian
